

HIRE THE LATEST ANGLIA

from Welbeck Motors

Welbeck Motors now offer to hire you the latest Ford Anglia on a contract Hire basis. Rates are very low; On a one year contract, it costs £22 13s. 4d. per month, or if you keep the car 2 years the cost is only £17 13s. 4d. per month. Rentals include everything except insurance and routine service. In the case of breakdown or accident, a replacement car is at your disposal. All repairs are carried out free of charge throughout the length of the contract. These cars are available not only for private owners, but also for all types of fleet owner. This must be the most economical way to keep your commercial travellers on the road. Several self-drive hire firms also use this service. Normally the hire charges are allowable in full by the Inland Revenue.

A further advantage of contract hire which has only recently become apparent is that it cuts down the waiting period for a new car. At a time when new Fords are in short supply even at Welbeck Motors, the Ford Motor Co. are granting us extra cars for our Contract Hire Department. We should be able to start your hire next January.

During the last year, many large concerns have disbanded their transport departments and have "Gone Contract" with Welbeck Motors. They've found it the much less troublesome and probably the cheaper way of running their fleets.
