A Laycock Overdrive?
For me?

A Laycock de Normanville Overdrive gives you several real benefits. You get the effect of two extra gears without the fatigue of constant gear change. Thus on long journeys your car travels at the same cruising speed but the engine does less work—which means lower petrol consumption and less engine wear. And, as you know, too, an easy-running engine makes for less driver and passenger fatigue and greater pleasure in motoring. That's why a Laycock Overdrive is worth having! Ask for details.

FOR HILLMAN MINX 1, 2 and 3, SUNBEAM RAPIER 1 and 2, SINGER GAZELLE, 100E FORD ANGLIA and PREFECT, AUSTIN A50, 55 (with steering column change only) 90, 95 and 105.
